

Navigate: How to use the Appointment Center

The **Appointment Center** lets staff manage appointments at an individual location. To open the Appointment Center, click the **app switcher** and select Appointment Center. You can also open **Additional Modes** at the bottom right of the screen and select Appointment Center.

This feature is primarily used by staff, especially **front desk workers** or others who help to manage appointment scheduling at a specific location.

Conditions: Staff members will need to set up their **calendar sync** and **availability** to make Appointment Center's features useful. Users need the **View the Appointment Queue Tab on the Home Page** permission to check students out through Appointment Center.

Feature Overview

The Appointment Center allows staff at an individual location to manage appointments for that location. For example, a front desk worker can manage appointments for a tutoring center using Appointment Center. Actions possible using the Appointment Center include managing the scheduling grid, scheduling appointments, editing appointment details, and canceling appointments. Staff can also view a list of **drop-in** and **scheduled appointments** for the day or week. More information about the aspects of the Appointment Center are covered below.

To open the Appointment Center via the app switcher

With the appropriate role and permissions, you may access the **Appointment Center** by clicking the **app switcher** and selecting Appointment Center at the top upper right of your Navigate account.

You may also access the Appointment Center in the lower right corner of your Navigate account by clicking on the **Additional Modes** link.

Location List

Once you open Appointment Center, select a location from the list. You will want to choose the location where you specifically work at. The list of Appointment Center Locations below is not an extensive list and is subject to change at any time.

Choose Appointment Center Location

Available Locations

[Academic Center for Excellence](#)[Advisor's Office](#)

Location Switcher and Scheduling Grid

Choosing a location opens the **Scheduling Grid** for that location. This grid can be narrowed down by **Care Unit, Service, Course, Staff Member, Meeting Type, and Date/Time**. While you cannot change the default hours from 8 am to 5 pm, you can adjust the scheduling grid hours by changing the Start Time and End Time in the filters.

Appointment Center also has a Location Switcher. When users need to change their Appointment Center location, they use the filter at the top of the main page and select a new Location from the drop-down. Once selected, Appointment Center reloads as the new Location.

[Find First Available?](#)

A user can have two separate Appointment Center locations loaded in two separate tabs and Navigate should work correctly in both. Note that only Locations the user has permission to access are shown in the drop-down.

Staff, Service, and Course filters interact in an intuitive way in Appointment Center. Any time you add or remove a selection in one of these three filters, the options available in the other filters will be narrowed or widened based on that selection.

Choose the Care Unit(s) connected to your specific Appointment Center Location(s).

- Your list of Services may change depending on what Care Unit you choose.
- Your list of staff members may change depending on what Care Unit you choose. For example, a Tutor may work in the **Math Support Services** Care Unit but not work in the Writing Support Services Care Unit.

The Appointment Center has a calendar interface where **available time for appointments are shown as white blocks and unavailable times as grey blocks.** Staff members who only have campaign availability do not appear in the Appointment Center.

Vertical Calendar View

If you click the **Vertical Orientation** button on the top right of the screen, you will be able to change the orientation of the staff and times if you would prefer one to be the column header over the other. **When vertical orientation is selected:**

Additionally, by clicking the **Service Name** button, you can choose to see appointments based on attendees or by the service the attendees are scheduled under.

It is also possible to filter who appears on the grid by using the Scheduling Grid drop-down filter, letting you see **drop-in appointments** and **scheduled appointments**.

1. Viewing Drop-in Appointments via the Appointment Center

Drop-In Appointments Page

Staff workers often need to view today's appointments. Using the **Drop-In Appointments** page, you can view all of the drop-ins for the current day and take action from the list. Find this screen by clicking the drop-down above the filters at the top part of the main Appointment Center page.

Actions ▾

☐	BEGINNING IN	DATE & TIME	DURATION	SERVICE	COURSE	MEETING TYPE	ATTENDEE NAME: STUDENT ID	ORGANIZER	CHECKED IN
☐	3 days	01/22/2025 10:00am ET	about 1 hour	Homework Help	N/A	In Person		Anna Puchalski	No

Actions users can take on appointments include:

- Send Message to Attendee (Student)
 - Send Message to Organizer(s)
 - View Appointment Details
 - Check In
 - Check Out
 - Mark No-Show
 - Cancel Appointments
- When choosing multiple appointments, actions are limited to sending messages and canceling appointments. This gives you the ability to cancel all appointments for a given day in a particular location.
- You also have the ability to select any date and see appointments on the selected day.

Scheduling Grid

You can also schedule appointments from the **Scheduling Grid** page by clicking on an open slot on the scheduling grid.

[A] Hover over the white area to schedule an appointment for a student by clicking the **Staff Available for Appointment** dialogue box.

Appointment Schedule For Wednesday, January 22, 2025

	Tutor first and last name	Tutor first and last name	Tutor first and last name	Drop In
8 AM ET			Blocked	
9 AM ET				
10 AM ET		Blocked		

You will notice some light blue areas marked as **Blocked**. This means that the Tutors have appointments scheduled during those times. In the example below, the Information will show on the Tutors **Appointments** tab under the **Upcoming Appointments** section.

Please be sure to include the following appointment details:

- Service
- Student
- Date, time & duration
- Comments
- Then select **Create Appointment**

If a front desk worker selects an open slot for the staff member who has reached their **target hours** but is otherwise free, a warning appears on the **Create an Appointment** dialog.

Note: Despite the warning, the front desk worker can create the appointment for the staff member, overriding the Target Hours.

You can also click an existing appointment link and see the details of the appointment.
